

## **Fistula Training and Treatment Camps Reconstructive Surgery Workshops**

On behalf of Focus Fistula Association, Dr. Igor Vaz invites doctors, surgeons and other specialists to take part in the training and treatment activities taking place in Mozambique during 2024. These activities provide practical experience in the field at health facilities, in different locations of the country, with training activities and exposure to surgical treatment of patients.

<b>2024</b>	<b>Province</b>	<b>Activity</b>	<b>Obs.</b>
<b>18-22 February</b>	Nampula	5-days Fistula training & treatment camp	Training of health professionals Treatment of simple to complex fistula cases

<b>17-20 May</b>	Maputo	4-days International Surgical Workshop (Pelvic Floor & Fistula)	Advanced surgical training Treatment of complex cases Reconstructive surgery
<b>21-25 May</b>	Nampula	5-days Fistula training & treatment camp	Training of health professionals Treatment of simple to complex fistula cases
<b>11-14 June</b>	Maputo	3-days Reconstructive Surgery Workshop	Advanced surgical training Treatment of complex cases Reconstructive surgery

Note: Dates may be slightly adjusted.

The participation of international professionals and/or specialists can be in two ways:

- a) Trainee - Participation in the activity as a trainee for learning purposes, with the opportunity to expose oneself to practical-theoretical training.
- b) Expert - Participation in the activity as a specialist trainer and in support of surgical or other specialized treatment of obstetric/iatrogenic fistula

We will be pleased to welcome you to Mozambique.

Our team can help in providing detailed program and information for logistics arrangements.
